It looks like tenkara is about to be pushed into the mainstream:

http://www.orvis.com/store/product.aspx?pf_id=7Y33

I've got to wonder how many critics of these rods will now buy one at the higher Orvis price. I have a tenkara rod, and enjoy using it a few times a year, but think of it more as a diversion than an alternative to more standard gear. I would have never guessed that Orvis would be selling these rods.
