Afish,

Thanks for the great information on different presentations. So far most of my bass have been caught swinging and stripping Clousers. I've had some success on pencil poppers. I am really feeling I need to broaden my horizons on different techniques. Right now all of my confidence is lying with deep Clouser minnows (particularly in chartreuse/white - size 4). Most of my fishing has been during the evening hours. Hoping to learn a lot more at the WW jam! Good luck with your bass fishing, arbor1. Tight lines!
