i like to use a gartside gurgler,a madame X,or a popper on top,with a wet fly or nymph or two hanging off of it.

any soft hackle,coachman,mcginty,prince,PT,GRHE,zug bug,girdle bug,montana nymph or any wet or nymph  
tyed a little bigger than i would use for trout.

i also use gray and/or olive cat's whiskers ,briminators and a red silk body streamer with white hackle feather  
wing .they hit that last one hard!

i think the gartside gurgler is one of the best catching to easy to tye ratio top water warm water flies there is.
