Okay, I've read our home page twice now and I honestly can't figure out what it's asking for. I know the guy tried to explain and probably did a good job but I'm lost. Can someone explain exactly what they are asking for?

"If our target goal is reached by the end of the 30 day campaign, your card will be charged and your reward will be shipped."

But it doesn't say what your "reward" would be.

And he doesn't say how much of a contribution he's looking for.

So, to sum it up, he's asking you for money, but does not say how much he's asking for, OR what you would receive in return.

I hope this helps. 😊
