Its getting closer to that time everyone so starting getting all the gear you need to fish the hook . The current is swift and a intermediate line for the most part don't get you down far enough so use one of your 25 off coupons from Orvis and get a 350 grain depth charge line to get your fly down .

Also Jay is hosting a [Saltwater Fly Swap](#) so if you are lacking in some variety in your fly selection or just like tying join the swap .
