Sandfly: Thought I remembered seeing that you were from the Ansonia area. Maybe I just imagined it but Tioga made me think of something. The wife and I were down at the Log Cabin to eat the other week and I passed the sign for Watrous on Pine Creek. I remember fishing that with my dad in the springtime for many years but never fished it any other time. Do you get out on that section by chance and if so does it hold fish throughout the year?
