We plan on giving you a few streams to fish. We will meet at the Pohopoco, but I think Paul might take a small group to exploration some brookie water. I will take a group on the Po or possibly on the Lehigh or both. There are a few other streams in the area we can fish as well. Meet back up for lunch and possibly go fish again.

I was actually thinking about fishing your stretch of the Poho   in the name of spot burning.....
