Trouts go for refuge at the same time WCO's go to lakes for the BUI-fest

Well, on their way to and from the BUI-fest, they can take a drive by the "refuge" areas.

I saw two pulled off 248 at Palmerton yesterday leaning against their truck talking and laughing. I almost got off the exit and turned around to tell them they should be up at the refuge area bullshitting instead. Obviously, I did not, because I am not an asshole. But I thought it! Lol
