deceivers, clousers, a few crab and shrimp flies. a few poppers most fish willbe local blues, fluke, reds, sea trout. back bay will be good. (take a yak or something to get around) you can wade the back waters just do the flats shuffle so there is no chance of a ray. leaders can be a piece of straight 20,30 or 40lb or a combo of them.3' of each will do. make it shorter for poppers. on the beach same flies might want to use a sink tip or sinking line to get near bottom. don't forget a shooting basket a must have !
