Also look at the web cam for Uncle Johns. No one is fishing. Yeah it's Monday, but where there's fish, there's fishermen. That spot's only about a mile up from the mouth of Elk.

It's a long response, but not all is fishing related.

Webcam didn't work for me, but I was there yesterday.

I decided to take the day off and took the wife for a ride. no idea where we were headed when we left the house, but since wife likes the lake, the trip turned into a scouting trip. I checked out 4 different creeks. Crooked, Elk, Trout Run, and Walnut.

Farmer Dave,

You are the man! Very, very nice report and very straight forward. This is what I expected, but I really appreciate you taking the time to put that together!
