It's a wonderful river....and a bit mysterious. 😊

FI,

And that is the essence of this river. Like a stunningly beautiful woman who appears out of nowhere, flirts with you, then suddenly disappears. Leaving you wanting and wondering.

Glad you guys had a good day. btw - As someone who has fished the river for over 30 years, I can tell you that the fertility is exponentially better than it was 25 years ago. Not as rich as what you're used to in the waters of SC PA, 😊 but it's getting there.....
