Jeff,

Hear you and respect yours and everyones opinion. Which proves to me why an open approach has worked so well and been successful for 15 years.

My feedback is for everyone not just Jeff.

The really only non-negotiable for me is how we treat each other on the site. There is no way everyone will agree on every issues. I very comfortable with that fact.

I say this for everyone, deliberate insults, personal attacks, and lewd comments are not welcome for any reason. We have to understand there are times we are going to have to agree to disagree.

I only ask each of us to take this passion we have and give back to the sport in a way you feel best suited for you. Contribute in a positive manner whether it be help teach some one new, Wound Warriors, TU conservation efforts or whatever.

I don't really care about Donny Beaver, Class A, Big Spring, Spot Burning and other calamities in our sport. What concerns me more is what do we do to help our sport? That is my fight. Pay it forward.
