Within 15-20 mins you've got a lot of streams available.

The Monocacy, Saucon, Little Lehigh, Brodhead, Buskill, Jordan... and others.

The Saucon turns on in the morning and again in the evening. A couple Sunday's ago, I managed about a dozen browns between 10-14 inches and one bow estimated 23-26in between 5 & 7pm. Shoot me a PM. I may be available Saturday morning.
