I got 2 Pflueger 1778 reels @ Sports Authority on closeout for \$15.00 each in Oct., 2010. They balance well with both my sage 8'6" 5/6 weight and Featherlite 7' 5/6 weight. The fishing I do rarely, if ever requires a drag. Maybe I'll find they fail on this year's stock rainbows, although they've performed well on a few larger stockers already. I also really enjoy the Featherlite.
