Today I lost a nice fish,rolled another and had the largest musky I have ever seen following my fly and couldn't get her to eat.I absolutely love fall fishing.I will be haunted by this one for a while.the thing I just dont understand is my buddy is in the boat with me and using conventional gear and he hasn't even got sniffers and this has been going on for about two weeks now.oh well I can't complain about my action 🏆
