I have a St. Croix "Avid" 7'6" 2 weight. I use it mainly for fishing low and clear water with smaller flies ie. Tricos, BWO's etc. It sounds like you just did not get a good hookset. You must remember it's not a 5 weight and does not have the power of a bigger rod. It may take some time but you will get used to it. I have landed trout up to 16 inches on my 2 weight. It REALLY is alot of fun! Hang in there and enjoy the pleasures of ultralight flyfishing. 😊
