I was thinking about slack getting in the line while the fish is doing its dance, but the dang thing is so soft. All my hooks get debarbed before going in the vise so I've already gotten used to the ones that get the long release. Maurice I will try the wrist action the next time out, I'm hoping to meet #9 one day. You're right WTT I was fishing a 2 and thinking a 4, a four weight is the lightest rod I have. I did not think there would be that much of a difference. I was wrong, but I've done that before. 😊 Thanks for the insight guys, I'm all ears for any other.
