Shane,

Here's the URL for the fish skull streamer I used.

[http://flyguys.net/blog/fly-patterns/ ... nbow-fish-skull-streamers](http://flyguys.net/blog/fly-patterns/...nbow-fish-skull-streamers)

The others were simply rabbit strips palmered on streamer hooks or me just playing at the vise.

I used straight cut for tails, crosscut for bodies. And I like the new "frost tip" bunny fur. Not much in nature is really solidly colored.
