I've been working for a few months now on my own rod and reel company. I'm just weeks away from the grand opening and wanted to share what's going on at Risen Fly.

First off is I owe a lot of gratitude to this forum. I've met some great people, learned a whole lot about fly fishing and have passed my knowledge on to many people. I plan to repay that by offering discounts to you guys that are a little better than everyone else. My initial discount for everyone is 30% off, but I'll offer 40% to PAFF members. Just PM me here or email me at [risenflyco@yahoo.com](mailto:risenflyco@yahoo.com) for any ordering and I'll make sure you get the extra discount.

Now on to the fun stuff. I'm just building from the ground up so my products will be a bit limited to start, but will constantly be expanding. So keep in touch!

My website is up and running, but I'm just waiting for my products to arrive to open it to the public.

For a sneak peek check out my website [HERE!](#)

In the near future I plan to offer a few fly boxes. 2-3 plastic waterproof boxes, and working with a local woodworker to make a handmade wooden fly box. I'll also have nets and a few more accessories in the next few months. Rods will hopefully be by the end of 2013. I'm testing a few blanks now. Keep in touch and ask any questions.
