Good stuff and I really appreciate it. I am going to try to cast a few early next month and see what i like .. going to go with a rod and reel.

Pcray .. that day on VC I used ur rod for a 10 mins when you were untangling and rigging me up. It felt comfortable .. what was the combo?

In Staggers case he is better off casting as many rods, reel and line combos as he can to see what he likes but knowing him and spending a few sessions with him working on his casting. He needs a REALLY fast rod to match his casting stroke.

What exactly do you mean by "Really fast rod" and I'm scared to ask if that is good or bad?
