I hope it is not just me that has this feeling....

I am an avid flyfisherman and enjoy watching flyfishing on TV...I have learned alot from the shows. The one aspect that I want to touch base with is "Why we don't see programs concerning PA Flyfishing/fishing on TV?" I could be wrong - but all I see are the ones that are to far away places where you have to spend an arm and a leg in order to have the adventure. I know that PA has some of the finest trout rivers ever found. We have lakes and rivers with tons of Bass, Muskies, trout, etc waiting to be caught. But yet, any TV coverage? Maybe the answer is that PA Flyfishing TV programs are viewed in other states in order to bring tourism monies to PA!
