They say the Turkey Path is 1 mile down and 5 miles back up for a reason. I've only done the trail down the west rim by Bob's. Its my understanding that the east rim has stairs now. I'd recommend the hike but I might try to fish elsewhere. Don't forget about the bike path. I don't know all the details of it but that would probably offer some good access too.

Edit: I see DFG already mentioned biking. Sorry for the redundancy.
