Cambyses, I live in brookhaven I fish all the places you mentioned and if have any questions just Pm me I will give you my phone number and I will answer any question you have to the best of my ability. The Sporting Gentleman located in Media on state street is a great place to start they are some of the nicest people I know. They do offer used rods there so you can save some bucks and they will be having a sale this weekend coming up. But you should try some lessons trust me there worth it you don't want to pick up bad habits. I also belong to the local Tu chapter and we meet at the Field and Stream gun club in Aston the first Tuesday of every month at 7 pm there will be a guest speaker I don't remember his name but he will talking about fishing for smallies on the Susky you and anyone else that wants to come are more than welcome to.

FRED
