troutbert, my post was probably misleading, I know my float wont work on the majority of the waters around here, but I was thinking of using it on the brandywine just up stream from Lenape park on rt 100 there is a bridge there that has a parking area and easy access to the water. just down stream the water becomes a good bit deeper and alot slower.

Fredrick, Thank you for the kind gesture and the invite to TU I may take you up on that. Im going to have to check out the Sporting Gentleman. Thank you again. PM sent

Bob
