Sandwich Symposium No. 4

You may experience:

- more flies swap (lots of dry)
- more great passing time attractions
- more waitresses chase with the camera (Biker know what I mean)
- more compliment "side dishes"
- more high volume, table brew pitchers
- more ridiculous fishing incident anecdotes
and fantastic wildlife stories of landing the ...
- more burn spots (this may be not truth)
- more persuade plans for 20"-trout destinations getaways
- more tricks how to travel at high speed to locations and get no traffic ticket
- more bigger sandwiches
- no sentimental types, no politics

All in aura of legal age attractive female wait staff and unpredictability of P Bro commune
