Seems the core temperature stuff is on here, but as for legs, I wear a silk weight or compressed fit long underwear, a heavier fleece (mid weight or polar weight) and then depending on temperature, sweat pants or jeans on top. For socks I use a cold weather liner with a wool sock.

And you don't need to spend a fortune on this either, Wlamart has all of it for cheaper than Cabelas, or use your off season hunting layers.

Now, I do have to ask, any recommendations for gloves?
