Hey everyone. I am new to the forum. So i guess this will be my introduction.

I recently sent in two Allen Myth rods for repair that were replaced with the Allen XA Model of rods. The rods belonged to some family members. They no longer need the 3wts due to buying other ones so we are trying to sell these...

One is a 6ft6 Allen XA 3wt.. The other is an Allen XA 10ft 3wt

I am asking \$120 for the 10ft 3 wt.

I am asking \$110 for the 6ft 6 3wt.

Keep in mind the rods are brand new (just came in today)

The rods are retail from Allen at \$229

and shipping will be free.

PM me for more details...

Thank you!
