The "special regs" is just the big bass program which starts at the bridge in Sunbury if I remember correctly. I have found from about Liverpool north, the fishing definitely picks up. It seems the further north you go the better. Also I've been picking up a lot of nice walleyes up that way so it makes the cost of gas worth it when I bring home a limit of walleyes for dinner and the freezer.

Are you using the fly rod? Is it fairly wadeable like the lower stretches?
