Jack you are correct! I need a valid FL from TN or NC, can fish the park in either state, and I do NOT need a trout stamp.

SWEET.

Last time there, I paid about \$15 for the 10-day NC license, even though we stayed in Townsend, TN. I think this had me perfectly legal. Also-- no open containers of alcohol can be possessed in the Park proper except in designated picnic (and maybe) camping areas. We got off with a warning when a small group of us were having a beer at the vehicles after an evening of fishing. Be careful.
