8 years, my vest has been with me since I started FF at 15yo. This past weekend I had the blaze orange vest on over it. A neon sign telling brookies to scatter to cover, I still managed to catch a few 3-7 inchers. What is more unnerving than a bear is hearing an armed hunter dragging his feet through the woods just over a hill from where I was fishing. I sat down and waited until I could locate him and subtly make sure that he saw me.
