nice. sounds like a new place to play with my T&T 1309 ;)

if i may ask another question, what are the banks like - steep, rip rap etc , enough room to double spey cast with a traditional line or should i rely on fishing a skagit set up?

btw - speypages is a great place to buy used spey rods, my T&T was \$300 versus \$950 new a couple of years back...
