Its good, not great. Easy access, although this is because 191 (truck traffic) runs parellel to. Beautiful drive, but fast. I managed a few dozen mid-sized browns on a hopper dropper rig in a lazy days fishing. Fun to fish your way from Bozeman to Yellowstone. Its popular so expect rafts and other fisherman.

Bozeman is an hour from the Madison (Ennis area). Here you will find bigger trouts.

Bozeman is a half hour from Livingston. Here you will find bigger trouts and spring creeks (with bigger trouts).

If your stay is long enough, plan to fish more than just the Gallitan but fish the Gallatin. Stop at Troutfitters in Bozeman. <http://troutfitters.com/>
