Never had a problem as the signs are impossible to miss. Being it was not my land, I did what they said and the dogs actually came down to the creek after patrolling their side of the stream and sat and watched us fish and didnt make a peep.

He owns the land all the way to the road, including the streambed and the strip of land between the stream and the road. Just honor the signs before they say no trespassing and maybe thank him for keeping it open. I did.
