I dont think I am worried about the species of fish being introduced into Saw. First those browns in there more then likely came from the Po or the hatchery. What species of fish are you worried about? Rainbows? Stocked in the Po. Goldens? Stocked in the Po. Different type of Brookie? Stocked in the Po. Not like the state is going to stop stocking those fish.

I am worried about the waste of the fish degrading Saw,Po, and Lehigh.
