Hi Rolf - Those jaws are guaranteed. Even if you're not the original owner, Regal should be able to do something for you.

I asked Regal about the jaws on my ancient Medallion that were chipped, and explained that it was a hand-me-down vise. They quoted me a price of \$40 to refinish the jaws to like new condition.

Sounded more than fair to me. Give 'em a call, or talk to them at Somerset - they'll be there....
