it was me :o) ( on my winter reading thread )

and its a GREAT book. i love the photos too.

its the kind of book that can be read again and a again during the season.

Am halfway through Trout by Bergman, which was recommended to me on the same thread, and I picked it up on ebay. i am enjoying.

I also got Nemes Soft Hackles book which was very disappointing. even with the updates on 'tiny' soft hackles (his solution - tye 20 & 22 patterns on 18 hooks...). nothing in there that you couldn't pick up in a couple of articles online. a great way to tye and fish though.
