First Steelhead trip (NY)--lodge/guide suggestions?

My wife wants to get me a 2 night trip up to the salmon for winter steelhead. I've never been, so I'm thinking a wading guide for the first day, then on my own for the second.

Any advice? Don't want to break the bank on the lodge, but don't want to be uncomfortable either. Also, should I stay on the salmon, or head to another trib?

Thanks.
