Chaz, best that I can do? I shouldn't post anymore? Lmao listen smartman, if you actually had any knowledge about the Salmon, you would know the map I speak of names everyhole and directions how to get there. It is a fantastic map for someone starting to fish the SR. Also, I personally know this poster and have fished with him many times. So, obviously I was not being rude to him.

I will wait for your apology.....If you don't apologize within the day, I will hold one brookie for ransom for everyday you don't. I will then torture them by slowly inching them closer and closer to my native raccoon pet.
