I can highly recommend going out with the rob delph. now im not sure if he does flats. it is a father and two of his sons that run a guide service. from what we heard from other guides down there where we were staying they are some of the best guides in the keys. we got first class service and were lucky to get im as a guide.

<http://www.delphfishing.com/default.htm>

I'll second this. Ralph Delph is well known and one of the guys (maybe the guy) who pioneered FFing for sharks in recent years.
