"The Gray Ghost Murders: A Novel" [Hardcover] by Keith McCafferty is to be released February 21. 2013.

Here's an editorial review: "This is a truly wonderful read. In an old and crowded field, Keith has created characters fresh, quirky and yet utterly believable, then stirred them into a mystery that unfolds with grace and humor against a setting of stunning beauty and danger. Stranahan, the fisherman sleuth, breaks free of the old cliché's and delights with his humanity, vulnerability and love of cats. Yes, cats. Keith has written a book that speaks to women and men regardless of color or background. The only downside of this book is that we must wait a year for the next one."—Nevada Barr, New York Times bestselling author of the Anna Pigeon Mysteries.:
