Maurice- Dont worry ill bring a couple of sauces from work. A bbq or 2 a hot and our Inferno. Dont recommend the inferno unless you are into really hot stuff. Ill also bring some dry rubs that we make. They got a little kick to um. Also if ya'll like Middelswarth BBQ chips, we have the rights from Middelswarth to use the seasoning they use on the chips on our wings. Its pretty good.

Dude get the rights to use their jalepeno chip seasoning! They are the best I have had, but they only sell them in small bags!
