Wings anyone? My resturant is known for them

Phish,

I love wings!

What restaurant do you work at? I was probably there?

Remember last year when you purchased a 4wt Orvis fly rod from me? You met me at Bass Pro Shops in Harrisburg in the parking lot? just like a drug deal switch? cash, no taxes! Do you still use that rod? I sold it to you for a song? I caught lots of trout with that wonderful rod?

I'm going to attend a "Jam" this year, but I'm not a chef! I could always buy some stuff..... if a chef like you cooks it?
