Excuse me????? Saturday is a possibility. Friday, work - out. Sunday, high - 41, sustained winds at 22 m.p.h., out. Monday, high - 31, out. Tuesday, work - out.

Don't fish where we caught all those trout a few months ago. They're gone. Caught two on Saturday and skunked on Sunday. Hardly saw any fish which is a first. My guess is that they moved downstream towards the mouth where the temperatures may be a few degrees warmer. Just a guess.

I'll be in touch.
