I am a frog hair fan. 2 reasons. It works for me very well and it is a product of a pittsburgh, pa company. I like the fact that I can support a local company just as much as I like how it turns over for me.

I also tie my own leaders. I do this for several reasons.

1. I always have leaders- one less reason to stop at a store
2. I like having the ability to tie leaders for various situations like dry fly fishing, nymphing and rod length. I also find that they turn over better for me than the extruded leaders.
