Yea wild bows are rare in manada. I have caught a few. Above fogarty road you can fish with a permit from the gap. Thy have classes you have to attend to acquire said permit. An they only have the classes once a year. They are in September or October. Before deer season starts. I have fished well above fogarty road. Nice water, but the 50.cals ratting off in the near distance an a storm moving in had us turn back. You can also fish above the hatchery on ITG run with said permit.
