I decided last minute to stay instead of driving all the way back to statecollege Saturday night. So if any one else decides to do the same I'd be willing to split the room, it's a double room with two double beds in it. Free breakfast in the morning,the hotel is the Hampton inn. One mile from the show.If interested it would be \$40.00 each. Not looking to make money on this, that is just half of what the room costs. Just thought it would be cool for some of you to have that option at a cheaper price if you decide to stay. Jack
