I have to agree with Dwight. I think the movie is all right, but the novella is much better. The movie deals with boys; in the novella, the Macleans are men in their 30's. I think the book flows better than the movie, too. Like FishIdiot, I think the yuppies attracted by the movie who really didn't like fly-fishing have pretty much abandoned it, though unlike FishIdiot, I think there are lots and lots of flyfishers out there. Anyhow, I think the printed version is much better than what I'd say is a 2-star movie.
