I really want to fish with GeeBee so I can listen to his British accent. Especially if he curses.

f*** Off.

no-one curses like we do 

i'd love to fish with you guys sometime from March onwards when i'm back home (working abroad right now) - i think i can learn a real lot from you guys.

i think columbus day weekend i might arrange a weekend trip to the manasquan for those sea trout. i'll scout it out this summer.

i'd like to help a forum member claim that 5lb record - and after we have they are damn damn fine eating. grilled and lemon juice. yum.
