On my 2wt I use a leader/tippet thats close to 30' long. I use no fly line and it's great for low water spooky fish in summer. Spring creek at the paradise in perticular. I use a single fly on that rig.

You don't have to use a short line method with this.

That rig is illegal at the Paradise on Spring Creek, it's FFO water. You are limited to a 18 feet of leader material or monofilament.
