Hi Jopane,

A&G in Dickson City offers private instruction for a fee(\$25/hr). In July they usually offer Orvis promo free instruction.

I know a guy in Mayfield that guides, he may also offer instruction. I can find out.

We also have 3 or 4 newbie get togethers through this forum. That would be perfect for him but it would involve driving a bit.

And if he is desperate enough I can try to help. I'm about 30 minutes from Scranton and fish the Lack regularly, even in winter (but not this week!). There are other people on this forum in the area who will see this and probably respond. We're not instructors or even that good necessarily but I'm sure we can try to help.

Do you fish too?
